Builder	Community	Plan	Lot	Sales rep	Date

Before you walk in

- [ ] 1 Bring your agent to the first visit.
  Many builders will only pay your agent if they're registered at your very first visit, so ask about this before you sign the guest card, or you might have to pay your agent's commission on your own.
- [ ] 2 Bring your pre-approval or a budget you're sure of.
  So you know right away which plans are realistic.

The model and what's included

- [ ] 3 Which features in this model are standard, and which are upgrades?
  Many builders have a standards sheet or PDF they can share.
- [ ] 4 Can I see the standard finishes (flooring, cabinets, counters, fixtures) in person or in photos?
- [ ] 5 What does the base price include: landscaping, fencing, window coverings, appliances, a finished basement?

Pricing and lots

- [ ] 6 What's the base price for this plan, and when did it last change?
- [ ] 7 Which lots are available, and what's the lot premium on each one?
- [ ] 8 What makes one lot cost more than another (size, view, corner, backing open space, walkout basement)?
- [ ] 9 Are there any quick move-in or spec homes ready sooner, and what's already been selected in them?

Structural options and design center

- [ ] 10 Which structural options are available on this plan, and what do they cost?
- [ ] 11 When do structural choices have to be made, and can they change after that?
- [ ] 12 When is my design center appointment, and how long do I get?
- [ ] 13 What do buyers usually spend at the design center for this plan?
- [ ] 14 Which upgrades are worth doing now because they're hard or expensive to add later?

Incentives and financing

- [ ] 15 What incentives are available right now, and what's the deadline?
- [ ] 16 Do the incentives require your preferred lender? What do I get if I use my own?
- [ ] 17 Can incentives go toward a rate buydown, closing costs or upgrades? Which one saves me the most?
- [ ] 18 Is there anything else you can do on this specific lot or home?

The contract and deposits

- [ ] 19 How much is the earnest money deposit, and when does it become non-refundable?
- [ ] 20 How much do I pay out of pocket for upgrades, and when is it due?
- [ ] 21 What happens to my deposit if my loan falls through or I need to sell my current home first?
- [ ] 22 Do I need to list my current home by a certain date after signing?

Timeline and the build

- [ ] 23 When would construction start, and what's the estimated build time?
- [ ] 24 How will I get updates during the build, and can I walk the home at different stages?
- [ ] 25 When can I bring my own inspector through the home?
- [ ] 26 What happens if the build runs late?

Community, HOA and warranty

- [ ] 27 Is there an HOA? What are the monthly dues, and what do they cover?
- [ ] 28 Can I get a copy of the CC&Rs before I sign?
- [ ] 29 What's still planned around this community: more phases, parks, commercial, roads?
- [ ] 30 What does the warranty cover, for how long, and how do I submit a request?

Ask your agent, not the sales rep

- [ ] 31 Is this price in line with what the builder's homes have actually sold for nearby?
- [ ] 32 What has this builder been willing to negotiate on lately?

The sales rep works for the builder. These two are for your own agent.
